SUBJECT: Proposed Fringe Benefit Rates – FY 2022

The University recently submitted its Fringe Benefit Rate proposal to the Department of Health and Human Services (DHHS) for fiscal year 2022. These rates should be utilized as the best estimates available in submitting FY 2022 budget and grant proposals. As you are aware, one set of rates is applicable to sponsored research funds (Entity 05) from federally funded sources and one for all other funds (e.g. Entity 02, 03, 04, and non-federally funded sponsored research in Entity 05). Please note that only the rates applicable to federally funded sponsored research are subject to DHHS approval. The proposed fringe benefit rates for FY 2022 are as follows:

FOR FEDERALLY FUNDED SPONSORED RESEARCH (ENTITY 05 ONLY):

Table with 3 columns: Category, FY 22, FY 21. Rows include Medical Faculty, Other Faculty, Senior Administrator, Staff, Temporary, Graduate — tuition remission.

FOR NON-FEDERALLY FUNDED SPONSORED RESEARCH (ALL OTHER ENTITIES):

Table with 3 columns: Category, FY 22, FY 21. Rows include Medical Faculty, Medical Faculty Incentive Payments, Other Faculty, Other Faculty Incentive Payments, Senior Administrator, Staff, Temporary, Graduate — tuition remission.

Please bear in mind that the FY 2022 rates are proposed rates that have not yet been formally approved by the DHHS. Once formal approval is received, a letter will be sent notifying you of the final rates. However, we have no reason to believe that these proposed rates will not be approved. If you have any questions, please contact Mike Moran at (412) 624-6625.
